

Disclosure statement:

Health Innovation Wessex and Boehringer Ingelheim

Honorarium title

The Genomics Collective – speaker honorarium for Genomics Innovation Director

Organisation/s involved

Health Innovation Wessex (HIW), Boehringer Ingelheim

Description of honorarium engagement

The Genomics Collective is a full-day, in-person educational event on Friday 20th November 2026 at the Royal College of Pathologists, London. Genomics sits at the heart of modern cancer care, yet variation and complexity remain everyday challenges.

This event brings together oncology professionals from across the UK to share experiences, discuss challenges, and explore evolving approaches to genomic testing and interpretation in clinical practice.

Sarah Willis, HIW Genomics Innovation Director, will be a speaker at this event.

Objective

The speaker will provide a 20-minute presentation on the role of health innovation networks in supporting implementation and adoption of innovation, from the perspective of cancer genomics.

Funding details

Financial support of £378 for the honorarium was provided by Boehringer Ingelheim Limited as a speaker honorarium.

Funding date:

20 November 2026
